4. The City and County agree that given the similarity in trail design issues for both SSDPs, the testimony and exhibits referred to in Section 2 and 3 above are relevant to the Hearing Examiner’s decision on the Inglewood Parking Lot, SSDP 2016-00414 and therefore the testimony and exhibits should be entered into the hearing record. The City and County agree that this would save time during the hearing and save the expense of having both experts—each whom resides out of the State—testify to the same information again.

5. The Parties ask the Hearing Examiner to accept this Stipulation and enter the testimony and exhibits described in paragraph 2 and 3 into the Hearing Examiner’s record for SSDP-00414.

II. AGREED ORDER

Having considered the Stipulation of the Parties, the Hearing Examiner agrees to enter the testimony and exhibits referred to in paragraph 2 and 3 into the hearing record for public hearing for SSDP 2016-00414 and incorporate same into any final decision by the Hearing Examiner on SSDP 2016-00414.
