Subject: Response to SSDP comments on ELST Segment B now available

Response to comments for the SSDP process for Inglewood Hill Parking Lot and South Sammamish Segment B now available

Thank you for taking the time to provide your comments on the Inglewood Hill Parking Lot / South Sammamish B project. This project received a total of 1,800 comments during the public comment period.

All comments and responses are available for review on the project website at www.kingcounty.gov/eastlakesammamishtrail under the appropriate project section.

We thank you for your patience during the last several months while the design team took the time necessary to review and consider every comment submitted. Where possible, the design has been modified to incorporate comments received and will be included in the 90% design plans. In other cases, we determined in consultation with our management, legal, and design teams that we were unable to accommodate those requests for a variety of reasons, all of which are identified in the responses.

To receive projects news and current status, please visit the [project website](#) and sign up for our newsletter list.

Thank you,

King County Parks
East Lake Sammamish Trail Project Team
